Chalapathi Educational Society (CES), established in 1995 under the Andhra Pradesh Societies Registration Act, is poised to launch a State Private University in the academic year 2025. This initiative will integrate the Chalapathi Institute of Pharmaceutical Sciences (established in 2004) and the Chalapathi Institute of Engineering and Technology (established in 2007) in Lam Village, Guntur. The academic buildings were inaugurated by **SRI NARA CHANDRABABU NAIDU GARU**, the visionary Chief Minister of Andhra Pradesh.

Embracing the transformative goals of the National Education Policy (NEP) 2020, Chalapathi University will expand its academic horizons significantly. While building on its core strengths in engineering and pharmacy, the university will pioneer programs in high-growth, future-focused domains including:

- Deep Technology & Advanced Computational Sciences
- Industry-Aligned Skill-Oriented Programs
- Community Healthcare & Allied Health Sciences
- Behavioural Psychology & Forensic Science
- Clinical Research & Clinical Data Management

This expansion underscores CES's enduring commitment: to cultivate graduates who are not just technically adept and entrepreneurially driven, but also culturally grounded and socially conscious, ready to contribute meaningfully to the "Make in India" initiative.

Guided by a distinguished professionals, academicians, and industry experts, CES currently manages six institutions in Guntur, serving a vibrant community of 8,000 students supported by 450 dedicated teaching faculty and 250 non-teaching staff. With an impactful network of 33,000 alumni already contributing significantly to various sectors, CES has a proven track record of educational excellence and community enrichment.

CES Institutions' Journey of Accreditation and Industry Integration

Chalapathi Educational Society (CES) stands as a testament to quality higher education, having established six distinct institutions, including the well-regarded Chalapathi Institute of Pharmaceutical Sciences (launched in 2004) and the dynamic Chalapathi Institute of Engineering and Technology (founded in 2007).

Autonomy and Accreditation

A significant marker of CES's success is that three of its institutions have achieved the distinction of autonomy. This independence is backed by rigorous external validation: they have secured high-grade NAAC accreditation (A+ or A) and earned NBA accreditation for key programs, signifying adherence to stringent national quality benchmarks.

Spotlight on Chalapathi Institute of Pharmaceutical Sciences (CLPT):

- **National Recognition:** CLPT consistently ranks among India's elite, featuring in the NIRF Top 100 Pharmacy Institutions list every year since 2017 (peaking at 48th in 2017 and ranked 89th in 2023).
- **Accreditation Excellence:** It proudly holds a NAAC "A+" Grade (3.37 CGPA) and has secured NBA accreditation for its B. Pharmacy program through two consecutive cycles.
- **Foundational Approvals:** Its academic standing is further solidified by UGC recognition (Sections 2(f) & 12B) since 2013 and DSIR approval for its SIRO laboratories since 2018.

Spotlight on Chalapathi Institute of Engineering and Technology (CIET):

- **Academic Milestones:** CIET achieved autonomous status in 2020, complementing its NAAC "A" Grade (awarded in the second cycle, 2022) and prior UGC 2(f) recognition (2011). Three of its B.Tech programs have successfully maintained NBA accreditation across two cycles.

CHALAPATHI EDUCATIONAL SOCIETY

Phones : 0863 - 2524112, 2524113, FAX : 0863-2524123

- **Bridging Academia and Industry:** CIET proactively addresses the critical need for industry-ready graduates. Moving decisively beyond conventional teaching, the institute has embedded practical relevance into its core. Strategic MoUs with global tech leaders—including SAP, Juniper Networks, EC-Council, Altium, Cadence, and Cisco Network Academy—allow the integration of cutting-edge, industry-certified modules directly within the curriculum.
- **Developing Future-Ready Talent:** This commitment translates into tangible experiences: mandatory internships, collaborative final-year projects tackling real industry challenges, and specialized workshops focusing on high-demand technologies like AI/ML, Cloud Computing, ERP systems, and VLSI design.
- **Measurable Outcomes:** The impact is clear: in the last year alone, **CIET cultivated 277 globally certified students**, proficient as SAP Associate Consultants, Sales force Developers, Service Now Developers, Certified Ethical Hackers, Mongo DB Associate Developers, and Microsoft Azure Associates, among others. These graduates are equipped not just with degrees, but with the validated skills needed for immediate **global employability with zero to minimal cost to students.**

In essence, CES institutions, exemplified by CLPT and CIET, demonstrate a powerful blend of academic rigor, validated quality through top-tier accreditations, and a forward-thinking strategy focused on producing graduates who are truly prepared to excel in the global professional landscape from day one.

Comprehensive Campus Infrastructure & Resources

Our institutions provide a robust environment for learning, research, and innovation, featuring:

- **Extensive Learning Spaces:** 86 classrooms, 61 diverse laboratories, multiple seminar halls, auditoriums, and dedicated tutorial rooms supporting a wide range of academic activities.
- **Advanced Technology & Digital Backbone:**
 - 21 Computer Labs equipped with 909 systems.
 - 51 essential academic and administrative software solutions.
 - A dedicated Media Center with a Learning Management System (LMS).
 - Campus-wide 24/7 CCTV surveillance for enhanced security.
- **Dedicated Research & Development Hubs:**
 - An Animal House (approved 2007) facilitating preclinical research.
 - The Chalapathi Drug Testing Laboratory (approved 2018) for quality analysis.
 - Enrich Centres (est. 2020) and MSME-backed Business Incubation Centers (est. 2021), which have already fostered the development of 61 products.
 - A suite of high-end analytical and pharmaceutical equipment, including HPLC (3), HPTLC, DSC, Zetasizer, freeze/spray dryers, tablet punching machines, and stability chambers.
- **State-of-the-Art Workshops:** A 379.61 sq. m. Central Workshop equipped with modern machinery like CNC lathes and milling machines.
- **Rich Learning Resources:** Libraries spanning 816.30 sq. m., housing a collection of 54,517 books, 12,472 e-journals, digital resources, databases, theses, and project reports.

- **Centre of Excellences:** Juniper Networks AI-Enabled Campus, Cadence VLSI Lab, Altium PCB Design Lab and ERP Lab with 1000 SAP S/4 HANA licences.
- **Specialized Support & Community Centers:** Dedicated centers for Excellence Overseas Education guidance, Competitive Exam preparation, and Community Engagement, alongside a Pradhan Mantri Bhartiya Jan Aushadhi Kendra (PMBJAK).

A Record of Excellence: Achievements & Contributions

Our institutions have consistently demonstrated excellence across various domains, reflected in numerous accolades, research milestones, and impactful community engagement:

- **Prestigious Awards & National Recognition:**
 - **Institutional & Faculty Excellence:** Honored with the IDMA J B Mody Award, APTI Special Appreciation Award (2023), and multiple recognitions from Acharya Nagarjuna University (ANU) including Best Library, Best Laboratory, Best Performing College, and Best Patent awards.
 - **Student Achievements:** Celebrated through ANU's Alapati Jayashree Memorial Gold Medals and Government of A.P. Prathibha Awards.
 - **National Internship Success:** Achieved notable All India Ranks (6th in 2022, 23rd in 2023 for CIET) in student internships facilitated by AICTE-EDUSKILLS.
- **Significant Research & Academic Output:**
 - **Scholarly Contributions:** A substantial publication record comprising 1014 research papers and 64 books/book chapters.
 - **Funded Research:** Successfully secured significant research funding of Rs. 225 lakhs from major agencies like AICTE, DST-SERB, UGC, and DBT.

Phones : 0863 - 2524112, 2524113, FAX : 0863-2524123

- **Intellectual Property:** A robust IPR portfolio with 92 patents published and 14 patents granted through the dedicated IPR Cell.
- **Knowledge Dissemination:** Actively organized numerous faculty development programs, national conferences, and research outreach initiatives.
- **Strategic Collaborations & Quality Standards:**
 - **Network Building:** Established a strong collaborative network through 126 Memoranda of Understanding (MOUs) with leading academic institutions and industry partners.
 - **Operational Excellence:** Demonstrated commitment to sustainability and quality management through ISO 50001:2018 (Energy Management) and ISO 14001:2015 (Environmental Management) certifications.
- **Extensive Community Engagement & Social Impact:**
 - **Broad Outreach:** Engaged over 85,515 individuals since 2007 via diverse platforms including NSS, ISPOR, IPA, Women's Cell, and alumni associations.
 - **Community Welfare:** Actively contributed through Swachh Bharat initiatives, public health programs like medication reviews and therapeutic interventions.
 - **Educational Advancement:** Promoted science and technology awareness by conducting exhibitions benefiting approximately 85,000 students in the Guntur district.

Our Vision: Launching Chalapathi University - Pioneering Future-Ready Education

Building on a proven legacy of academic and research excellence, Chalapathi Educational Society (CES) is poised to establish Chalapathi University. This premier private institution will be dedicated to transformative education and deep community engagement, fully embracing the forward-thinking principles of NEP 2020.

Chalapathi University will actively:

- **Forge Career Pathways:** Develop and deliver cutting-edge, industry-co-created programs focused on ensuring high graduate employability in the global marketplace.
- **Ignite Innovation:** Cultivate a vibrant entrepreneurial ecosystem through dedicated incubation and innovation centers, empowering creators and job-givers.
- **Enhance Community Well-being:** Drive meaningful advancements in public health through targeted, research-based healthcare interventions and outreach.
- **Integrate Wisdom for the World:** Champion the richness of Indian values and traditional knowledge on a global platform, creating a powerful synthesis with modern science and technology.

With its strong foundations, Chalapathi University is committed to becoming a leading multidisciplinary institution, significantly contributing to the evolution of higher education in India and beyond.
